Tulasi Healthcare is a group of **psychiatric hospital and a rehabilitation centres in Delhi** dedicated to treatment of psychiatric illnesses and substance abuse disorder. We are devoted to the cause of saving lives and restoring families since 2002. We offer best chance at life long recovery.

Our treatment works because it is based on scientific approach. we combine psychiatric treatment with psychological intervention ,12 step program and family therapy for best results. The treatment is customized according to the individual needs.

We specialize in dual diagnosis that is psychiatric co -morbidity with substance abuse disorder.

Research has shown that patients who are in continuous care after indoor treatment are more likely to remain abstinent. We have an efficient aftercare program for our patients where they are guided, encouraged and supported to remain abstinent.
